

Material Services | Northern Plains

2nd Tribal Emergency Management Summit
Arrowwood Resort at Cedar Shores

Thursday | June 20, 2024

PWNA partners with Tribal programs to help them reach their goals.

- These “Program Partners” identify the needs in their communities that PWNA can help address.
- PWNA in turn provides goods that help address immediate needs, which motivates greater participation in Tribal programs.
- PWNA also helps plan and sometimes attends distributions in partner communities.
